Inglenook Trim Kit

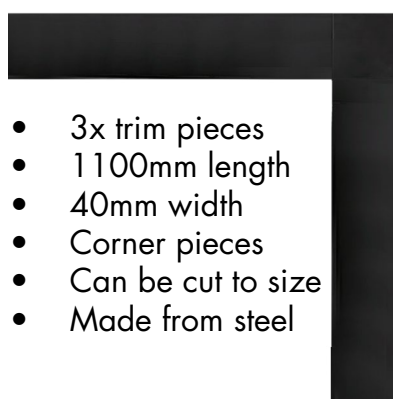

BLACK

BRUSHED STAINLESS STEEL

STAINLESS

- 3x trim pieces
- 1100mm length
- 40mm width
- Corner pieces
- Can be cut to size
- Made from steel

3 Easy Steps on how to install the Inglenook Trim Kit

- 1 - Cut the Raw Steel Angle Frames to the size of the opening and attach to the opening with Heatproof Adhesive
- 2 - Cut the Finishing Trims, ensuring the cut line is at the top of the opening, again to the size required and attach to the Raw Steel Frame with the Magnets provided
- 3 - Cover the cut line on the Trim with the 2x Square Blanking Plates
